

# LEVERLOC<sup>®</sup> BATONS

Elegantly simple. Incredibly strong. Easily carried. Rapidly deployed. A new twist for retraction. A new standard for convenience. The LeverLoc Baton from ASP.

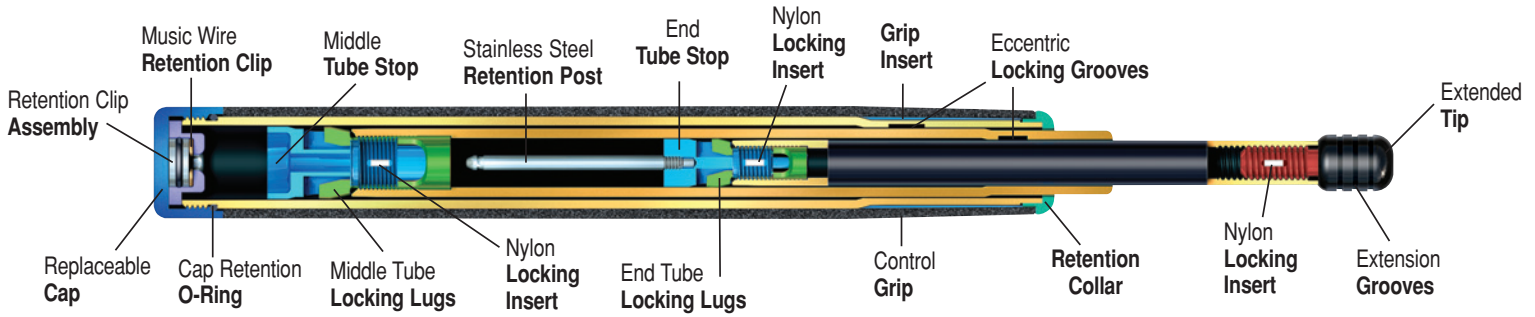

Four heat treated levers assure extension. Four internal lugs provide a positive lockout. A design that is both stable and secure. A baton that is both effortless and effective. Eccentric retention grooves allow opposing locking lugs to cam free. The baton is closed with a simple twist.

4140 steel. Foamed vinyl, DuraTec<sup>®</sup> or Wavemaster grips. Compatible with all existing Tactical Baton<sup>®</sup> caps and accessories. Fits all Tactical Baton scabbards.

The LeverLoc Baton retains all that you have come to expect from ASP. Premium materials, exceptional workmanship, flawless function. This is a baton that combines an incredible psychological deterrence with unparalleled control potential. Quality, durability and performance in every detail.

# ASP LeverLoc. . . the Baton with a New Twist

SideBreak®

LeverLoc® Batons L16 L21 L26

Duty, SideBreak® and Federal® Scabbards retain retracted or expanded LeverLoc Batons.

SideBreak Cases are available in four finishes.

Foamed vinyl grips are extremely durable and replaceable.

Injection Molding DuraTec® Grips are permanently bonded to the baton handle.

Wavemaster Grips provide a secure hold and increased control.

Insignia Caps add a mark of distinction to your LeverLoc® Baton.

	Foam	DuraTec	Wavemaster
Airweight*	FA	DA	WA
Black Chrome	FB	DB	WB
Chrome	FC	DC	WC
Electroless	FE	DE	WE

\* Airweight Batons weigh 45% less than steel models. They are not recommended for uniform duty use.
